DETAILED ACTION

1. Claims 10-17 are pending in the present application.
2. Claim 17 has been amended.

Drawings

3. The drawings were received on January 11, 2006. These drawings are acceptable.

Allowable Subject Matter

4. Claims 10-17 are allowed.
5. The following is an examiner's statement of reasons for allowance:

Applicant's amendment overcomes the rejection cited under 35 USC 101. In the last correspondence claims 10-16 were noted as allowable. The prior art of record fails to teach *the system and method of forming a data map* as cited in independent claims 10 and 17. Specifically, regarding claim 10 the prior art does not teach *first and second evaluation item listing means for listing and totalizing values and wherein overlapping values may be removed* as cited. Also, regarding claim 10 the prior art does not disclose *specific item mapping means for acquiring display specific items* as cited. Regarding claim 17 the prior art of record fails to teach *using the processing unit to determine vertical direction positions on the map sheet by the first simple codes and*

horizontal direction position on the map sheet by the second simple codes in the acquisition order and outputting a matrix-like map sheet to display the system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
